
Process Technician

Aeroton-Johannesburg South

LOCATION: Aeroton -Johannesburg - South
BUDGETED CTC: R40 000 – R50 000 CTC per month

We are seeking a skilled and motivated **Process Technician** with a **Millwright qualification** to join our client's injection moulding plant. This role is ideal for someone who enjoys hands-on work, troubleshooting, and ensuring production runs smoothly.

Key Responsibilities:

- Conduct and coordinate all maintenance activities on preform injection moulding machines and associated equipment.
- Develop and follow maintenance schedules and programs for each preform machine in line with supplier recommendations.
- Build and manage an inventory of spares specifically for preform machines.
- Maintain accurate maintenance records in compliance with ISO 9001 Quality System standards.
- Monitor and control machine spares to ensure minimum downtime.
- Respond promptly to mechanical breakdowns on preform machines, both on-site and off-site if needed.
- Order necessary equipment, tools, and spare parts for preform machine maintenance.
- Attend relevant meetings and provide technical input on machine performance and improvements.
- Advise on and implement cost-effective technical improvements to optimize preform machine operation.
- Ensure all preform machines are regularly serviced, cleaned, and maintained to operate efficiently.
- Be available for after-hours callouts as required to support continuous production.

Minimum Requirements:

- Millwright qualification (mandatory).
- Experience in injection moulding or plastic manufacturing is highly advantageous.
- Strong mechanical and troubleshooting skills with experience handling maintenance and breakdowns.
- Ability to work independently and as part of a team.
- Commitment to quality, safety, and continuous improvement.
- Flexibility to work shifts if required.
